

HIVEDA

Ready Design Reed Diffusers Product Catalog

A fragrance product development partner
helping brands build perfume, scented candles, and reed diffusers
from design to production and export.

HIVEDA

A Flexible Fragrance Partner from Design to Production

01

Flexible Modular Service

Choose only what you need — from bottle sourcing and packaging design to filling, assembly, and production coordination.

02

One-Stop Fragrance Solution

We coordinate design, materials, production, packaging, quality control, and export preparation to make product development easier.

03

Ready Design & Bespoke Options

Start quickly with ready-made designs or develop a fully customized fragrance product based on your brand direction.

04

Trade-Friendly Production Support

As your sourcing and production partner, we help manage suppliers, samples, communication, and order follow-up.

82mm

93mm

A clear glass bottle with a height of 93mm. The bottle is cylindrical with a slightly wider base and a narrow neck. It is shown next to a vertical scale bar labeled '93mm'.

147mm

168mm

145mm

122mm

A diagram of a clear glass bottle with a threaded neck. To the left of the bottle, a vertical line with arrows at both ends is labeled "130mm", indicating the height of the bottle.

95mm

A clear glass jar with a height of 95mm. The jar has a wide body and a slightly narrower neck with a ribbed texture. It is shown next to a vertical scale bar.

A clear glass bottle with a height dimension line indicating 102mm. The bottle is cylindrical with a slightly wider base and a narrow neck. The height is marked with a vertical line and the text '102mm' to its left.

121mm

141 mm

A clear glass vial with a threaded neck. To its left is a vertical scale bar with the text "200mm" written vertically next to it.

95mm

A clear glass jar with a height of 95mm. The jar is cylindrical with a slightly wider base and a narrow neck. It is shown next to a vertical scale bar labeled '95mm'.

95mm

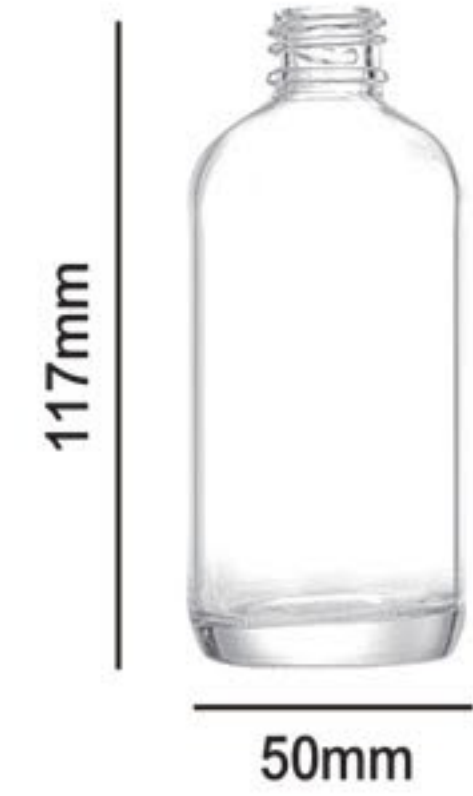

98mm

115mm

A clear glass bottle with a height of 115mm. The bottle is empty and has a simple, rounded shape with a slightly wider base and a narrower neck. A vertical line to the left of the bottle indicates its height, with the text '115mm' written vertically next to it.
