

HIVEDA

Ready Design Scented Candle Products Catalog

A fragrance product development partner
helping brands build perfume, scented candles, and reed diffusers
from design to production and export.

HIVEDA

A Flexible Fragrance Partner from Design to Production

01

Flexible Modular Service

Choose only what you need — from bottle sourcing and packaging design to filling, assembly, and production coordination.

02

One-Stop Fragrance Solution

We coordinate design, materials, production, packaging, quality control, and export preparation to make product development easier.

03

Ready Design & Bespoke Options

Start quickly with ready-made designs or develop a fully customized fragrance product based on your brand direction.

04

Trade-Friendly Production Support

As your sourcing and production partner, we help manage suppliers, samples, communication, and order follow-up.
